

## ***Roller-shutter freight wagon Tamns 893***

**Names in RW: vR Tamns DB Cargo, vR Tamns DB Cargo Empty, vR Tamns DB, vR Tamns DB Empty, vR Tamns DB AG, vR Tamns DB AG Empty**

Roller-shutter freight car Tamns for the transport of moisture sensitive freight like plaster, salt or coke or for heavy freight like metal.

To protect the loading of rain the loading opening could be closed by a roller-shutter.

All vehicles use programmed train back plates at each end of the wagon and the vR Feature ***RandomSkin***.

RandomSkin gives the model the option to change its livery out of four possible after placing on the tracks.
