

Silberling trafficked ABn Bn BDnrzf

Vehiclenames in RW: vR RE ABn, vR RE Bn, vR RE BDnrzf

The wagons matches the UIC-X conventions like the fast train carriages. At the beginning built for 120 km/h they were rebuilt 1970 for 140 km/h.

These carriages have changed their colors and interiors many times in the history. The ABn is a first/second class carriage and the Bn is a pure second class carriage.

The BDnrzf is not driveable.
